Invited Societies Session	ESPR Sessions	ESPNIC Session	EAP Session	Nursing
Bengt Robertson Award	Young Investigator Award	Educational Symposium	EBN Course (off programme)	Plenary
Tomorrow's World	Industry Symposium	Short Oral Session	Interdisciplinary Sessions	E-Poster Discussion Sessions
SIM Lab	EBN Course (additional fee)			

## Wednesday, October 14, 2020

13:00-16:30	EBN Course 01 - Optimal drug therapy in newborns and children
-------------	---

## Thursday, October 15, 2020

13:00-16:30	EBN Course 02 - ESPR/EBN Course - Neonatal Haemodynamics
-------------	--

## Friday, October 16, 2020

	Hall A	Hall B	Hall C	Hall D	Hall E	Hall F	Hall G	Hall H
<b>08:00-09:00</b> Pre-recorded	Educational Symposium 01 - EAP: Screening in paediatrics	Educational Symposium 02 - ESPNIC Nursing: Implementing best practice in intensive care	Educational Symposium 03 - ESPR: Congenital diaphragmatic hernia	Educational Symposium 04 - ESPNIC: Kidney and liver failure	Educational Symposium 05 - EAP: Let's talk vaccinations	Educational Symposium 06 - ESPNIC Nursing: Renal failure from a nursing perspective	Educational Symposium 07 - ESPR: Pain and sleep disturbance in infants	Educational Symposium 08 - ESPNIC: Optimal nutritional management
	Be hip- early prevention of late congenital dysplasia of the hip Thomas Baumann, Switzerland (30 min)	Quality improvement and implementing change in the PICU Julie Menzies, UK (30 min)	Insight in congenital diaphragmatic hernia physiology (incl. delay cord management) Stuart Hooper, Australia (30 min)	Utility of biomarkers in neonatal acute kidney injury Vesna Stojanovic, Croatia (30 min)	Vaccination in Europe - resurgence of preventable infections Ulrich von Both, Germany (30 min)	Renal failure in the ICU Paulien Raymakers - Janssen, Netherlands (30 min)	The development of pain perception in the human infant Rebecca Slater, UK (30 min)	How to feed the critically ill infant with heart disease? Luise Marino, UK (30 min)
	Is there a case for universal newborn pulse oximetry screening? Andrew Ewer, UK (30 min)	Barriers and facilitators of changing practice in the NICU Agnes van den Hoogen, Netherlands (30 min)	Current guideline on congenital diaphragmatic hernia: still best practice? Irwin K.M. Reiss, Netherlands (30 min)	Management of acute liver failure without liver transplant - fact or fiction? Pierre Tissieres, France (30 min)	Overcoming vaccine hesitancy Matias Diaz Crescitelli, Italy (30 min)	Fluid kills: what can the nurse do for a better fluid management? Lyonne Tume, UK (30 min)	Impact of neonatal sleep on neurodevelopment Maria Gogou, Greece (30 min)	Micronutrients - when, what, how? Magnus Dommellöf, Sweden (30 min)
	<b>ESPNIC Session 01: COVID-19 in the paediatric intensive care unit</b> Chair: Peter Rimensberger, Switzerland	<b>ESPR &amp; AEP Session 02: Innovative approaches to supplemental oxygen at birth</b>	<b>EAP Session 03: Respiratory</b>	<b>ESPNIC Session 04: Viral infections in severe bacterial disease - bystander or villain?</b>	<b>ESPR Session 05: Nutrition and advanced paediatric home care after NICU discharge</b>	<b>EAP Session 06: Diabetes</b>	Invited Societies Session 07: Multidisciplinary approach in paediatric neurology – EPNS	Invited Societies Session 08: Endocrine challenges – ESPE

09:00-10:40 <b>Pre-recorded + Live Q&amp;A</b>	COVID-19 in neonates and children Daniele de Luca, France (20 min)	Individualized oxygen supplementation Max Vento, Spain (20 min)	What is new in managing the noncompliant asthmatic? Raffaella Nenna, Italy (20 min)	Could microbiome analysis help us to decide? Marlies van Houten, Netherlands (20 min)	Research into nutrition after 2020, which topic should we prioritize? Mark Johnson, UK (20 min)	How does technology change the care of diabetic children? TBA (20 min)	New developments in Duchenne Muscular Dystrophy Thomas Sejersen, Sweden (20 min)	Salt and water balance in the neonate Laetitia Martinerie, France (20 min)
	COVID-19 paediatric multi-inflammatory syndrome Michael Carter, UK (20 min)	Automated control of oxygen supply in newborns Axel Franz, Germany (20 min)	Which children benefit from bronchoscopy? Karl Reiter, Germany (20 min)	Antibiotic choice for severe influenza infection? Etienne Javouhey, France (20 min)	Telehealth and neonatal home care TBA (20 min)	Artificial pancreas Roman Hovorka, UK (20 min)	Neurofibromatosis type 1 – initial approach and follow-up Dana Cralu, Romania (20 min)	Approach to the child with atypical genitalia Olaf Hiort, Germany (20 min)
	4 orals (10 min per oral)	4 orals (10 min per oral )	4 orals (10 min per oral )	4 orals (10 min per oral )	4 orals (10 min per oral )	4 orals (10 min per oral)	4 orals (10 min per oral )	4 orals (10 min per oral )
10:20-10:40	<b>Live Q&amp;A</b>	<b>Live Q&amp;A</b>	<b>Live Q&amp;A</b>	<b>Live Q&amp;A</b>	<b>Live Q&amp;A</b>	<b>Live Q&amp;A</b>	<b>Live Q&amp;A</b>	<b>Live Q&amp;A</b>
10:40-11:10	<b>Break</b>							
11:10-12:10 <b>Pre recorded + Live Q&amp;A</b>	Short Oral Session 01: ESPR - Supporting transition and new insights in respiratory support	Short Oral Session 02: ESPR - Outcomes of preterm birth	Short Oral Session 03: EAP - Paediatric gastroenterology, hepatology & nutrition	Short Oral Session 04: ESPR - Neonatal encephalopathy	Short Oral Session 05: ESPNIC - Cardio-Respiratory Chair: Martin Kneyber, Netherlands	Short oral session 06: EAP Miscellaneous late breakers 01		
	<b>Live Q&amp;A</b>	<b>Live Q&amp;A</b>	<b>Live Q&amp;A</b>	<b>Live Q&amp;A</b>	<b>Live Q&amp;A</b>	<b>Live Q&amp;A</b>

16:50-17:15	<b>Break</b>							

<p><b>17:15-18:30</b> Live</p>	<p>Opening Ceremony -Welcome from EAPS Organising Committee Chair, Charles-Christophe Roehr, UK -Welcome from EAPS Scientific Committee Chair, Berthold Koletzko, Germany</p> <p>Plenary Talk I: Chair: Adamos Hadjipanayis, Cyprus</p> <p>The health of children in Europe: challenges and opportunities Martin Willi Weber, Denmark</p>							
<p><b>18:30-18:50</b> <b>Break</b></p>								
<p><b>18:50-19:50</b> Live</p>	<p>Plenary Talk II: Chair: Charles-Christophe Roehr, UK Relevance of the UN Declaration of the Rights of the Child for Paediatrics Christoph Klein, Germany</p>							
<p><b>19:50-20:50</b> Pre-recorded</p>	<p>Interdisciplinary Session 01: Supporting health of displaced children</p> <p>Supporting the mental health of displaced children and their families Anna Sarkadi, Sweden (30 min)</p> <p>Challenges in supporting health care of migrant children Stefano del Torso, Italy (30 min)</p>	<p>Interdisciplinary Session 02: Challenges of multi-centre trials</p> <p>Recruitment with antenatal consent: are waivers ethical? Anup Katheria, USA (30 min)</p> <p>Parents input in Global Health studies Luc Zimmermann, Switzerland (30 min)</p>	<p>Interdisciplinary Session 03: Physical and Human environment in Care: EADCare European association of developmental care</p> <p>Recommendations on the physical environment of preterm infants Pierre Kuhn, France (30 min)</p> <p>Parental perception about their infants care Odile Dicky, France (30 min)</p>	<p>Interdisciplinary Session 04: Lancet Commission on Paediatric Pain</p> <p>Early life experience and the developing pain system Rebecca Slater, UK (30 min)</p> <p>Adolescence and chronic pain Christopher Eccleston, UK (30 min)</p>	<p>Interdisciplinary Session 05: Medicines for children</p> <p>Establishing European multicentre trials to evaluate drugs in children Nick Croft, UK (30 min)</p> <p>Public private collaboration in paediatric drug studies Lissy de Ridder, Netherlands (30 min)</p>	<p>Interdisciplinary Session 06: How to attract and retain nursing staff</p> <p>Preventing burn-out Charlotte King, UK (30 min)</p> <p>Why are nurses leaving the hospitals? Irene Hofstede-Hogervorst, Netherlands (30 min)</p>	<p>Interdisciplinary Session 07: Risk evaluation of environmental toxicants in pregnancy and children</p> <p>Early-life exposure to persistent organic pollutants and attention-deficit/hyperactivity disorder Merete Eggesbø, Norway (30 min)</p> <p>Health impact of childhood exposure to air pollution Marie Standl, Germany (30 min)</p>	<p>Interdisciplinary Session 08: How do I get my work published?</p> <p>From the idea to the manuscript Berthold Koletzko, Germany (30 min)</p> <p>How does the editorial and review process work? Eleanor Molloy, Ireland (30 min)</p>

## Saturday, October 17, 2020

	Hall A	Hall B	Hall C	Hall D	Hall E	Hall F	Hall G	Hall H
<b>08:00-09:00</b> Pre-recorded	<b>Educational Symposium - EAP 09: Imaging in children</b>	<b>Educational Symposium - ESPNIC 10: Diagnostics during medical transport</b>	<b>Educational Symposium - ESRP 11: Career development and mentoring</b>	<b>Educational Symposium - ESPNIC (collaborating with EAP) 12: Assessing training</b>	<b>Educational Symposium - EAP 13: Dealing with common infections</b>	<b>Educational Symposium - ESRP 14: Debate: Ventilator Graphics</b>	<b>Educational Symposium - ESPNIC 15: Organ donation at the end of life</b>	<b>Educational Symposium - ESRP 16: Covid-19 and neonatal care</b>
	Point of care ultrasound for paediatricians Niccolo Parri, Italy (30 min)	How to make the right diagnosis and evaluation during transport? Francisco Abecasis, Portugal (30 min)	Helping rising stars by Young EAP TBA (20 min)	European Paediatric Intensive Care Diploma David Rozsa, USA (30 min)	Alternating antipyretics. Is this a good practice? Adamos Hadjipanayis, Cyprus (30 min)	Ventilator graphics are useful Gian Luca Lista, Italy (30 min)	End of life care and organ donation Joe Brierley, UK (30 min)	COVID-19 pandemic: challenges and preparedness in neonatal wards. A comparison of international guidelines at an early stage of the epidemic and impact in low and middle-income countries Anna Lavizzari, Italy (30 min)
	Chest imaging: choosing wisely Nadia Yousef, France (30 min)	Establishing a paediatric critical care transport service Ulrich Terheggen, Switzerland (30 min)	Supporting young colleagues in ESPNIC Anna Zanin, Italy (20 min)  The ESRP Mentoring Programme – the first 2 years Sven Wellmann, Switzerland (20 min)	European Diploma in Child Health Robert Ross Russell, UK (30 min)	Approach to recurrent episodes of tonsillitis in children TBA (30 min)	Ventilator graphics are useless Anton van Kaam, Netherlands (30 min)	Organ donation from neonates TBA (30 min)	International COVID-19 collaboration in neonatology Claus Klingenberg, Norway (30 min)
	<b>ESRP Session 17: Neonatal brain imaging</b>	<b>EAP Session 18: Paediatric dilemmas</b>	<b>ESPNIC Session 19: Transferring mechanical ventilation from the intensive care unit to home</b> Chair: Robert Blokpoel, Netherlands	<b>EAP Session 20: Challenges in allergy</b>	<b>Invited Societies Session 21: Lost in Translation: Challenges in Bridging the Gap From Bench to Bedside (IPRF)</b>	<b>Invited Societies Session 22: Sports and heart disease – AEPC</b>	<b>Nursing Session 23: Changing populations in paediatric ICU</b> Chair: Joseph Manning, UK	<b>Nursing Session 24: Nursing - Nurses in intensive care</b>

09:00-10:40 <b>Pre recorded + Live Q&amp;A</b>	Magnetic resonance imaging Jessica Dubois, France (20 min)	Ethical principles in pediatric practice and research Michael Lentze, Germany (20 min)	Challenges in implementing home ventilation Marti Pons, Spain (20 min)	Penicillin allergy in children – myth and evidence Anabela Lopes, Portugal (20 min)	The scientist's perspective Stuart Hooper, Australia (20 min)	Preparticipation screening in young athletes Renate Oberhoffer, Germany (20 min)	Evaluating the epidemiology of ICU patients – increasing chronically ill children Chiara Tosin, Italy (20 min)	NICU nursing standards Joke Wielenga, Netherlands (20 min)
	Multimodal long-term outcome of neonatal arterial ischemic stroke Nienke Wagenaar, Netherlands (20 min)	Economics meets medicine - common ethical dilemmas Giovanni Corsello, Italy (20 min)	Home ventilation in infants Christophe Milesi, France (20 min)	Hygiene hypothesis revisited – what is the future? Bianca Schaub, Germany (20 min)	The clinician's perspective Anup Katheria, USA (20 min)	Evaluating training and sport activities in children with congenital heart disease Ornella Milanese, Italy (20 min)	Interaction with parents and families of chronically ill patients Anne-Sylvie Ramelet, Switzerland (20 min)	How do we care that the nursing voice is heard in our hospitals but also globally? TBA (20 min)

19:00-20:00	<p>Plenary Talk IV: Chair: Berthold Koletzko, Germany</p> <p>Genome sequencing in clinical diagnostics and research – challenges and ethical dilemma Holm Uhlig, UK</p>							
20:00-21:00 Pre-recorded	Interdisciplinary Session 09 : Is lung-protective ventilation relevant?	Interdisciplinary Session 10 : Training in paediatric critical care medicine	Interdisciplinary Session 11 : Fostering research in paediatric critical care medicine (Joint ESPNIC/SCCM session)	Interdisciplinary Session 12 : Working as a health care professional	Interdisciplinary Session 13: Antimicrobial stewardship	Interdisciplinary Session 14: The challenge of providing tested drugs for children	Interdisciplinary Session 15: Big data analysis for improving child health	Interdisciplinary Session 16 : Clinical trials in child health
	In the neonatal intensive care unit Ulrich Thome, Germany (25 min)	What do you want your residents to learn? Robert Ross Russell, UK (25 min)	Tandem Talk: Advancing nursing science North American perspective Martha Curley, USA (25 min)	Combining career and family - expectations of young paediatricians TBA (25 min)	Impact of antimicrobial stewardship in paediatric hospital care Ulrich von Both, Germany (25 min)	Public-private partnership for evaluating biologics for children Lissy de Ridder, Netherlands (25 min)	Big Data for fetal monitoring during labour: potential to improve outcomes Antoniya Georgieva, UK (25 min)	Developing trans-atlantic collaborations for clinical trials Anup Katheria, USA (25 min)
	In the operating room Laszlo Vutskits, Switzerland (25 min)	How to design the best fellowship programme Anna Zanin, Italy (25 min)	Tandem Talk: Advancing nursing science European perspective Jos Latour, UK (25 min)	How to prepare for retirement Michael Lentze, Germany (25 min)	Practical approaches to guide decision making for antibiotic stewardship in neonatal early onset sepsis Annemarie van Rossum, Netherlands (25 min)	Opportunities and limitations of the pharmaceutical industry for testing drugs for children Heidrun Hildebrand, Germany (25 min)	What is big data – Hype or hope? Erik Koomen, Netherlands (25 min)	Deferred consent for newborn clinical trials: ethical and practical aspects Brett Manley, Australia (25 min)

Sunday, October 18, 2020

	Hall A	Hall B	Hall C	Hall D	Hall E	Hall F	Hall G	Hall H	
08:00-09:00 Pre-recorded	Educational Symposium 17 - EPR: How should we evaluate the infant in the delivery room?	Educational Symposium 18 - EPR: Role of neonatal microbiome in short and long term health outcomes	Educational Symposium 19 - EAP: Primary care	Educational Symposium 20 - EAP & Catalan Paediatric Society: Paediatric dermatology	Educational Symposium 21 - EAP: Mental health	Educational Symposium 22- ESPNIC - Supportive therapies in mechanically ventilated neonates and children	Educational Symposium 23 - Nursing: Developing and implementing innovations in healthcare	Educational Symposium 24 - ESPNIC: Let's focus on function	
	New technologies for infant assessment at birth Michael Wagner, Austria (30 min)	Breastfeeding impact on the infant gut microbiome Maria Carmen Collado, Spain (30 min)	Primary care paediatrics and public health: the needs of today's children Peter Altorai, Hungary (30 min)	Pediatric infectious rashes: Benign to creepy Carolina Prat, Spain (30 min)	Autism Peter Weber, Switzerland (30 min)	Exogenous surfactant: bridging the gap between neonates and children Daniele de Luca, France (30 min)	How to implement new innovations in healthcare Onno Helder, Netherlands (30 min)	New onset heart failure – early recognition and management Uri Pollak, Israel (30 min)	
	Cord management of the preterm infant Emma Brouwer, Netherlands (30 min)	Early life development of the gut microbiome and its health implications Christopher Stewart, UK (30 min)	Challenges and threats for primary care paediatrics in Europe Angel Carrasco, Spain (30 min)	Chameleons in paediatric dermatology Eulalia Baselga, Spain (25 min)	Risks and benefits of ADHD medication? Ole Jakob Storebø, Denmark (30 min)	Less invasive surfactant therapy - protocols and practice Charles-Christoph Roehr, UK (30 min)	How to involve family and patients in innovations and research Julie Menzies, UK (30 min)	Diastolic dysfunction in intensive care – identification and early interventions Capucine Didier, France (30 min)	
09:00-10:40 Pre recorded & live Q&A	ESPNIC Session 33: Analgo-sedation in children Chair: Saskia de Wildt, Netherlands	ESPR Session 34: Aging of the preterm	Invited Societies Session 35: Palliative care - EAPC	ESPNIC Session 36: Pushing the boundaries in paediatric critical care and beyond Chair: Aparna Hoskote, UK	ESPR Session 37: Non-invasive Hemodynamic Monitoring	Nursing Session 38: Engaging clinical nursing science Jos Latour, UK	ESPR Session 39: Latest Updates on SARS-COVID 19	Invited Societies Session 40: Tricks and pitfalls of pediatric respiratory disease management – ERS	
	Analgo-sedation in the ICU Saskia de Wildt, Netherlands (20 min)	Aging and the brain Terrie Inder, USA (20 min)	Perinatal palliative care: what to aim for and what to expect Joana Mendes, Portugal (20 min)	Improving outcomes for children with congenital heart disease Katherine Brown, UK (20 min)	Near infraRed spectroscopy as part of multichannel system Adelina Pellicer, Spain (20 min)	The clinical-academic nursing role: what it is and how to make it work Joseph Manning, UK (20 min)	SARS-CoV2: mechanisms and action TBC (20 min)	Asthma TBC (20 min)	
	Analgo-sedation for paediatric diagnostic procedures Karl Reiter, Germany (20 min)	Long term outcomes of extremely preterm infants Chiara Nosarti, UK (20 min)	PREPARE - Advance care planning in children Monika Führer, Germany (20 min)	Goal directed strategies for improving survival in post-resuscitation care? Jimena del Castillo, Spain (20 min)	Cardiac output assessment using bioimpedance technology Willem de Boode, Belgium (20 min)	Evidence-based nursing rounds: a novel approach to engage bedside nurses in research Lyvonne Tume, UK (20 min)	Paediatric inflammatory multisystem syndrome Athimalepet Ramanan, UK (20 min)	Chronic cough Fabio Midulla, Italy (20 min)	
	4 orals (10 min per oral )	4 orals (10 min per oral )	4 orals (10 min per oral)	4 orals (10 min per oral )	4 orals (10 min per oral)	4 orals (10 min per oral )	4 orals (10 min per oral )	4 orals (10 min per oral )
