

Invited Societies Session	ESPR Sessions	ESPNIC Session	EAP Session	Nursing	SIM Lab
Bengt Robertson Award	Young Investigator Award	Educational Symposium	EBN Course (off programme)	Plenary	Off programme meetings
Tomorrow's World	Industry Symposium	Short Oral Session	Interdisciplinary Sessions	E-Poster Discussion Sessions	
 Live Session		 Recorded Session		 Pre-recorded and Live Q&A	

## Wednesday, October 14, 2020

13:00-16:30

**EBN Course 01 - Optimal drug therapy in newborns and children**

**TKT**

## Thursday, October 15, 2020

13:00-16:30

**EBN Course 02 - ESPR/EBN Course - Neonatal Haemodynamics**

**TKT**

Friday, October 16, 2020

	Hall A	Hall B	Hall C	Hall D	Hall E	Hall F	Hall G	Hall H
08:00-09:00 	<b>Educational Symposium - EAP: Screening in paediatrics</b>	<b>Educational Symposium - ESPNIC Nursing: Implementing best practice in intensive care</b>	<b>Educational Symposium - ESPR: Congenital diaphragmatic hernia</b>	<b>Educational Symposium - ESPNIC: Kidney and liver failure</b>	<b>Educational Symposium - EAP: Let's talk vaccinations</b>	<b>Educational Symposium - ESPNIC Nursing: Renal failure from a nursing perspective</b>	<b>Educational Symposium - ESPR: Pain and sleep disturbance in infants</b>	<b>Educational Symposium - ESPNIC: Optimal nutritional management</b>
	Be hip- early prevention of late congenital dysplasia of the hip Thomas Baumann, Switzerland (30 min)	Quality improvement and implementing change in the PICU Allison Jones, UK (30 min)	Insight in congenital diaphragmatic hernia physiology (incl. delay cord management) Stuart Hooper, Australia (30 min)	Utility of biomarkers in neonatal acute kidney injury Stuart Goldstein, USA (30 min)	Vaccines in Europe – concepts and controversies when tackling preventable infections Ulrich von Both, Germany (30 min)	Renal failure in the ICU Paulien Raymakers - Janssen, Netherlands (30 min)	The development of pain perception in the human infant Rebecca Slater, UK (30 min)	How to feed the critically ill infant with heart disease? Luise Marino, UK (30 min)
	Is there a case for universal newborn pulse oximetry screening? Andrew Ewer, UK (30 min)	Barriers and facilitators of changing practice in the NICU Agnes van den Hoogen, Netherlands (30 min)	Current guideline on congenital diaphragmatic hernia: still best practice? Irwin K.M. Reiss, Netherlands (30 min)	Management of acute liver failure without liver transplant - fact or fiction? Pierre Tissieres, France (30 min)	Overcoming vaccine hesitancy Matias Diaz Crescitelli, Italy (30 min)	Fluid kills: what can the nurse do for a better fluid management? Lyvonne Tume, UK (30 min)	Impact of neonatal sleep on neurodevelopment Maria Gogou, Greece (30 min)	Nutrition of critically ill children and neonates Magnus Dommellöf, Sweden (30 min)
09:00-10:40 	<b>ESPNIC Session: COVID-19 in the paediatric intensive care unit</b> Chair: Joe Brierley, UK	<b>ESPR &amp; AEP Session: Innovative approaches to supplemental oxygen at birth</b> Chair: Ulrich Thorne, Germany	<b>EAP Session: Respiratory</b> Chair: Arunas Valiulis, Lithuania	<b>ESPNIC Session: Viral infections in severe bacterial disease - bystander or villain?</b> Chair: Pierre Tissieres, France	<b>ESPR Session: Nutrition and advanced paediatric home care after NICU discharge</b> Chair: Miguel Sáenz de Pipaón, Spain	<b>EAP Session: Diabetes</b> Chair: Andrea Luczay, Hungary	<b>Invited Societies Session: Multi-disciplinary approach in paediatric neurology – EPNS</b> Chair: Sameer Zuberi, UK	<b>Invited Societies Session: Endocrine challenges – ESPE</b>
	COVID-19 in neonates and children Daniele de Luca, France (20 min)	Individualized oxygen supplementation Max Vento, Spain (20 min)	What is new in managing the noncompliant asthmatic? Raffaella Nenna, Italy (20 min)	The burden of RSV – is a vaccine on the breakthrough? Louis Bont, Netherlands (20 min)	Research into nutrition after 2020, which topic should we prioritize? Mark Johnson, UK (20 min)	Artificial pancreas Roman Hovorka, UK (20 min)	New developments in Duchenne Muscular Dystrophy Thomas Sejersen, Sweden (20 min)	Salt and water balance in the neonate Laetitia Martinerie, France (20 min)
	COVID-19 paediatric multi-inflammatory syndrome Michael Carter, UK (20 min)	Closed loop automatic control of FIO <sup>2</sup> Axel Franz, Germany (20 min)	Which children benefit from bronchoscopy? Karl Reiter, Germany (20 min)	Antibiotic choice for severe influenza infection? Etienne Javouhey, France (20 min)	Telehealth and neonatal home care Kristina Garne Holm, Denmark (20 min)	Selected orals (10 min per oral)	Neurofibromatosis type 1 – initial approach and follow-up Dana Craiu, Romania (20 min)	Approach to the child with atypical genitalia Olaf Hiert, Germany (20 min)
	Selected orals (10 min per oral)	Selected orals (10 min per oral)	Selected orals (10 min per oral)	Selected orals (10 min per oral)	Selected orals (10 min per oral)		Selected orals (10 min per oral)	Selected orals (10 min per oral)
								
10:40-11:10	Break							
11:10-12:10 	<b>Short Oral Session 01: ESPR - Supporting transition and new insights in respiratory support</b> Chair: Arjan te Pas, Netherlands	<b>Short Oral Session 02: ESPR - Outcomes of preterm birth</b> Chair: Linda de Vries, Netherlands	<b>Short Oral Session 03: EAP - Paediatric gastroenterology, hepatology &amp; nutrition</b> Chair: Yvan Vandenplas, Belgium	<b>Short Oral Session 04: ESPR - Neonatal encephalopathy</b> Chair: Diedre Murray, Ireland	<b>Short Oral Session 05: ESPNIC - Cardio-Respiratory</b> Chair: Yogen Singh, UK	<b>Short oral session 06: EAP Miscellaneous late breakers 01</b> Chair: Ana Neves, Portugal		
								
12:10-12:40	Break							
12:40-13:45 	<b>E-poster discussion session 01: ESPR - Haematology &amp; Oncology</b> Chair: Mayka Bravo, Spain	<b>E-poster discussion session 02: EAP - Infection and immunology</b> Chair: Robert Ross Russell, UK	<b>E-poster discussion session 03: EAP - Paediatric Neurology</b>	<b>E-poster discussion session 04: ESPNIC Nursing</b> Chair: Lyvonne Tume, UK	<b>E-poster discussion session 05: EAP - Miscellaneous late breakers 01</b> Chair: Michel Tsimaratos, France			
13:45-15:40	Break							
15:40-16:50 	<b>Short Scientific Session: ESPNIC – Help! Adults are coming to my PICU</b> Chair: Simon Nadel, UK	<b>Short Scientific Session: EAP - Choosing wisely-avoiding overuse in care</b> Chair: Karoly Illy, Netherlands	<b>Short Scientific Session: ESPR - Brain development</b> Chair: Topun Austin, UK	<b>Short Scientific Session: ESPNIC &amp; Catalan Paediatric Society. Children's participation in research studies</b> Chair: Alberto Medina-Villanueva, Spain	<b>Short Scientific Session: EAP - Rotavirus Vaccination</b> Chair: Delane Shingadia, UK	<b>Short Scientific Session: ESPR - CPAP or high flow?</b> Chairs: Anton van Kaam, Netherlands; Charles-Christoph Roehr, UK	<b>Short Scientific Session: Invited Societies - ESPGHAN - Paediatric gastroenterology</b> Chair: Sybille Koletzko, Germany	<b>Short Scientific Session: Invited Societies - EFCNI -Implementing medical guidelines into practice</b> Chair: Luc Zimmermann, Netherlands
	COVID-19 Preparing your PICU for adult patients Martin Kneyber, Netherlands (20 min)	Choosing wisely Ketli Stordal, Norway (20 min)	The role of intrinsic activity in cortical development Jeroen Pasterkamp, Netherlands (20 min)	Involving children in research Joana Claverol Torres, Spain (20 min)	Should rotavirus vaccine be applied to all children, or to high risk groups only? Timo Vesikari, Finland (20 min)	CPAP or nasal high-flow as respiratory support for newborn infants soon after birth Brett Manley, Australia (20 min)	The epidemic of inflammatory bowel disease in children Iva Hosjak, Croatia (20 min)	European standards for newborn care – a parent led project Silke Mader, Germany (20 min)
	Selected orals (10 min per oral)	Selected orals (10 min per oral)	Selected orals (10 min per oral)	Selected orals (10 min per oral)	Selected orals (10 min per oral)		Selected orals (10 min per oral)	Selected orals (10 min per oral)
								
16:50-17:15	Break							
17:15-17:30 	<b>Opening Ceremony</b> -Welcome from EAPS Organsing Committee Chair, Charles-Christoph Roehr, UK -Welcome from EAPS Scientific Committee Chair, Berthold Koletzko, Germany							
17:30-18:30 	<b>Plenary Talk I:</b> Chair: Adamos Hadjipanayis, Cyprus  The health of children in Europe: challenges and opportunities Martin Willi Weber, Denmark							
18:30-18:50	Break							
18:50-19:50 	<b>Plenary Talk II:</b> Chair: Charles-Christoph Roehr, UK Relevance of the UN Declaration of the Rights of the Child for Paediatrics Christoph Klein, Germany							
19:50-20:50 	<b>Interdisciplinary Session: Supporting health of displaced children</b>	<b>Interdisciplinary Session: Challenges of multi-centre trials</b>	<b>Interdisciplinary Session: Physical and Human environment in Care: EADCare European association of developmental care</b>	<b>Interdisciplinary Session: Lancet Commission on Paediatric Pain</b>	<b>Interdisciplinary Session: Medicines for children</b>	<b>Interdisciplinary Session: How to attract and retain nursing staff</b>	<b>Interdisciplinary Session: Risk evaluation of environmental toxicants in pregnancy and children</b>	<b>Interdisciplinary Session: How do I get my work published?</b>
	Supporting the mental health of displaced children and their families Anna Sarkadi, Sweden (30 min)	Recruitment with antenatal consent: are waivers ethical? Anup Katheria, USA (30 min)	Recommendations on the physical environment of preterm infants Pierre Kuhn, France (30 min)	Early life experience and the developing pain system Rebecca Slater, UK (30 min)	Establishing European multicentre trials to evaluate drugs in children Nick Croft, UK (30 min)	19:50 - 20:20 Why are nurses leaving the hospitals? Irene Hofstede-Hogervorst, Netherlands (30 min)	Early-life exposure to persistent organic pollutants and attention-deficit/hyperactivity disorder Merete Eggesbo, Norway (30 min)	From the idea to the manuscript Berthold Koletzko, Germany (30 min)
	Challenges in supporting health care of migrant children Stefano del Torso, Italy (30 min)	Parents input in Global Health studies Luc Zimmermann, Switzerland (30 min)	Parental perception about their infants care Odile Dicky, France (30 min)	Adolescence and chronic pain Christopher Eccleston, UK (30 min)	Public private collaboration in paediatric drug studies Lissy de Ridder, Netherlands (30 min)		Health impact of childhood exposure to air pollution Marie Standl, Germany (30 min)	How does the editorial and review process work? Eleanor Molloy, Ireland (30 min)

	Hall A	Hall B	Hall C	Hall D	Hall E	Hall F	Hall G	Hall H						
08:00-09:00 	<b>Educational Symposium- EAP: Imaging in children</b>	<b>Educational Symposium - ESPNIC: Diagnostics during medical transport</b>	<b>Educational Symposium - ESPR: Career development and mentoring</b>	<b>Educational Symposium - ESPNIC (collaborating with EAP): Assessing training</b>	<b>Educational Symposium - EAP: Dealing with common infections</b>	<b>Educational Symposium - ESPR: Debate: Ventilator Graphics</b>	<b>Educational Symposium - ESPNIC: Organ donation at the end of life</b>	<b>Educational Symposium - ESPR: COVID-19 and neonatal care</b>						
	Point of care ultrasound for paediatricians Niccolo Parri, Italy (30 min)	How to make the right diagnosis and evaluation during transport? Francisco Abecasis, Portugal (30 min)	Helping rising stars by Young EAP Ivan Bambir, Croatia (20 min)	European Paediatric Intensive Care Diploma David Rozsa, USA (30 min)	08:00-08:30 Alternating antipyretics. Is this a good practice? Adamos Hadjipanayis, Cyprus (30 min)	Ventilator graphics are useful Gian Luca Lista, Italy (30 min)	08:00-08:30 End of life care and organ donation Joe Brierley, UK (30 min)	COVID-19 pandemic: challenges and preparedness in neonatal wards. A comparison of international guidelines at an early stage of the epidemic and impact in low and middle-income countries Anna Lavizzari, Italy (30 min)						
	Chest imaging: choosing wisely Nadia Yousef, France (30 min)	Establishing a paediatric critical care transport service Padmanabhan Ramnarayan, UK (30 min)	Supporting young colleagues in ESPNIC Anna Zanin, Italy (20 min)  The ESPR Mentoring Programme – the first 2 years Sven Wellmann, Switzerland (20 min)	European Diploma in Child Health Robert Ross Russell, UK (30 min)		Ventilator graphics are useless Anton van Kaam, Netherlands (30 min)		International COVID-19 collaboration in neonatology Claus Klingenberg, Norway (30 min)						
09:00-10:40 	<b>ESPR Session: Neonatal brain imaging</b> Chairperson: Petra Hüppi, Switzerland	<b>EAP Session: Paediatric dilemmas</b> Chair: Peter Altörjai, Hungary	<b>ESPNIC Session: Transferring mechanical ventilation from the intensive care unit to home</b> Chair: Robert Blokpoel, Netherlands	<b>EAP Session: Challenges in allergy</b> Chair: Ana Neves, Portugal	<b>Invited Societies Session: Lost in Translation: Challenges in Bridging the Gap From Bench to Bedside (IPRF)</b> Chair: Heike Rabe, UK	<b>Invited Societies Session: Sports and heart disease – AEPC</b> Chair: Katarina Hanseus, Sweden	<b>Nursing Session: Changing populations in paediatric ICU</b> Chair: Joseph Manning, UK	<b>Nursing Session: Nursing - Nurses in intensive care</b> Chair: Jos Latour, UK						
	Magnetic resonance imaging Jessica Dubois, France (20 min)	Ethical principles in pediatric practice and research Michael Lentze, Germany (20 min)	Challenges in implementing home ventilation Marti Pons, Spain (20 min)	Penicillin allergy in children – myth and evidence Anabela Lopes, Portugal (20 min)	The scientist's perspective Stuart Hooper, Australia (20 min)	Preparticipation screening in young athletes Renate Oberhoffer, Germany (20 min)	Evaluating the epidemiology of ICU patients – increasing chronically ill children Chiara Tosin, Italy (20 min)	NICU nursing standards Joke Wielenga, Netherlands (20 min)						
	Multimodal long-term outcome of neonatal arterial ischemic stroke Nienke Wagenaar, Netherlands (20 min)	Economics meets medicine - common ethical dilemmas Joe Brierley, UK (20 min)	Home ventilation in infants Christophe Milesi, France (20 min)	Hygiene hypothesis revisited – what is the future? Bianca Schaub, Germany (20 min)	The clinician's perspective Anup Katheria, USA (20 min)	Evaluating training and sport activities in children with congenital heart disease Ornella Milanese, Italy (20 min)	Interaction with parents and families of chronically ill patients Anne-Sylvie Ramelet, Switzerland (20 min)	How do we care that the nursing voice is heard in our hospitals but also globally? Adelaida Zabalegui, Spain (20 min)						
	Selected orals (10 min per oral) 	Selected orals (10 min per oral) 	Selected orals (10 min per oral) 	Selected orals (10 min per oral) 	Selected orals (10 min per oral) 	Selected orals (10 min per oral) 	Selected orals (10 min per oral) 	Selected orals (10 min per oral) 	Selected orals (10 min per oral) 					
10:40-11:10	<b>Break</b>													
11:10-12:10 	<b>Short Oral Session 07: ESPR - Optimising the critically ill patient through monitoring and targeted modification</b> Chair: Mayka Bravo, Spain	<b>Short Oral Session 08: EAP - Neuro-paediatrics</b> Chair: Dana Craiu, Romania	<b>Short Oral Session 09: ESPNIC - Therapeutics and miscellaneous</b> Chair: Pierre Tissieres, France	<b>Short Oral Session 10: EAP - Infections and immunology</b> Chair: Hans Juergen Dornbusch, Austria	<b>Short Oral Session 11: ESPNIC - Miscellaneous</b> Chair: Mireia Cusco, UK	<b>11:00-13:30 SIM LAB - EDUCATION</b> Simulation at a distance: What we know and where the field is moving Isabel Gross, USA (20 mins)	<b>Short oral session 12- EAP - Miscellaneous late breakers</b> Chair: Inês Azevedo, Portugal							
														
12:10-12:40	<b>Break</b>					Virtual simulation for the lockdown and beyond Reinis Balmaks, Latvia (20 mins)								
12:40-13:45 	<b>E-poster discussion session 06: EAP - Development and mental health</b> Chair: Oana Marginean, Romania	<b>E-poster discussion session 07: ESPR - Neonatal neurology, clinical and basic science</b> Chair: Sandra Horsch, Germany	<b>E-poster discussion session 08: EAP - Paediatric endocrinology</b> Chair: Artur Mazur, Poland	<b>E-poster discussion session 09: ESPR - Neonatal infections</b> Chair: Eleanor Molloy, Ireland	<b>E-poster discussion session 10: EAP - Miscellaneous late breakers 02</b> Chair: Marina Mamenko, Ukraine	Comparison of two telesimulation delivery methods: an international collaboration project during COVID19 Anna Zanin, Italy (20 mins)								
						Innovations in simulation training - using remote technology for training in challenging conversations in Paediatrics Mehrengise Cooper, UK (20 mins)								
						 (45 mins)								
13:45-14:10	<b>Break</b>													
14:10-15:10  	Industry Symposium I (not included in main event CME/CPD credit) 	Meet the Expert Session I (not included in main event CME/CPD credit) 	14:10-14:40 Product Theatre Session (not included in main event CME/CPD credit) 											
15:10-15:40	<b>Break</b>													
15:40-16:40 	<b>Plenary Talk III: Chair: Pierre Tissieres, France</b> <b>How to make medical research credible and useful</b> <b>John Ioannidis, USA</b>													
16:40-17:00	<b>Break</b>													
17:00-18:30 	<b>Short Scientific Session: EAP - Vesicoueteral reflux</b> Chair: Ann De Guchtenaere, Belgium	<b>Short Scientific Session: ESPR - Genetic diabetes</b> Chair: Miguel Sáenz de Pipaón, Spain	<b>Short Scientific Session: ESPNIC - Cardiac failure and the kidney</b> Chair: Yogen Singh, UK	<b>Short Scientific Session: EAP - Halting the epidemic of food allergy</b> Chair: Bianca Schaub, Germany	<b>Short Scientific Session: ESPR - Erythropoietin as a neuroprotective agent</b> Chair: Ivo Bendix, Netherlands	<b>Short Scientific Session: ESPNIC - Triage</b> Chair: Gilles Jourdain, France	<b>Short Scientific Session: Invited Societies - AEP &amp; ESPN - Obesity complications</b> Chair: Gema Ariceta, Spain	<b>Short Scientific Session: Invited Societies - ESPA - How long to fast before anesthesia?</b> Chairs: Peter Frykholm, Sweden and Jorgen de Graaff, Netherlands						
	What's new on vesicoueteral reflux Peter Hoyer, Germany (20 min)	Monogenic forms of diabetes and what they mean for treating patients Valeri Schwitzgebel, Switzerland (20 min)	The kidney in heart failure: victim or culprit? Zaccaria Ricci, Italy (20 min)	Evidence base for preventing food allergy Sibylle Koletzko, Germany (20 min)	Neuroprotection – the EPO PENUT trial Sandra Juul, USA (20 min)	How to perform an effective triage and a safe handover Vincent Ollier, France (20 min)	Cardiovascular risk and renal disease in obese children Empar Lurbe, Spain (20 min)	Fasting for anesthesia - How and why? Peter Frykholm, Sweden (20 min)						
	Selected orals (10 min per oral) 	Selected orals (10 min per oral) 	Selected orals (10 min per oral) 	Selected orals (10 min per oral) 	Selected orals (10 min per oral) 	Selected orals (10 min per oral) 	Selected orals (10 min per oral) 	Selected orals (10 min per oral) 	Selected orals (10 min per oral) 					
18:30-19:00	<b>Break</b>													
19:00-20:00 	<b>Plenary Talk IV: Chair: Berthold Koletzko, Germany</b> <b>Genome sequencing in clinical diagnostics and research – challenges and ethical dilemma</b> <b>Holm Uhlig, UK</b>													
20:00-21:00 	<b>Interdisciplin-ary Session: Is lung-protective ventilation rele-vant?</b>	<b>Interdisciplinary Session: Training in paediatric critical care medicine</b>	<b>Interdisciplinary Session: Fostering research in paediatric critical care medicine (Joint ESPNIC/ SCCM session)</b>	<b>Interdisciplinary Session: Working as a health care professional</b>	<b>Interdisciplinary Session: Antimi-crobial stewardship</b>	<b>Interdisciplinary Session: The chal-lenge of providing tested drugs for children</b>	<b>Interdisciplinary Session: Big data analysis for improving child health</b>	<b>Interdisciplinary Session: Clinical trials in child health</b>	<b>20:15 – 21:45 ESPR Business Meeting (by invitation only)</b> 					
	In the neonatal intensive care unit Ulrich Thome, Germany (30 min)	What do you want your residents to learn? Robert Ross Russell, UK (30 min)	Tandem Talk: Advancing nursing science North American perspective Martha Curley, USA (30 min)	Combining career and family - expectations of young paediatricians Orsolya Genzel-Borovitzeny, Germany (30 min)	Impact of antimicrobial stewardship in paediatric hospital care Ulrich von Both, Germany (30 min)	Public-private partnership for evaluating biologics for children Lissy de Ridder, Netherlands (30 min)	Big Data for fetal monitoring during labour: potential to improve outcomes Antoniya Georgieva, UK (30 min)	Developing trans-atlantic collaborations for clinical trials Anup Katheria, USA (30 min)						
	In the operating room Laszlo Vutskits, Switzerland (30 min)	How to design the best fellowship programme Anna Zanin, Italy (30 min)	Tandem Talk: Advancing nursing science European perspective Jos Latour, UK (30 min)	How to prepare for retirement Michael Lentze, Germany (30 min)	Practical approaches to guide decision making for antibiotic stewardship in neonatal early onset sepsis Annemarie van Rossum, Netherlands (30 min)	Opportunities and limitations of the pharmaceutical industry for testing drugs for children Heidrun Hildebrand, Germany (30 min)	What is big data – Hype or hope? Erik Koomen, Netherlands (30 min)	Deferred consent for newborn clinical trials: ethical and practical aspects Brett Manley, Australia (30 min)						

Sunday, October 18, 2020

	Hall A	Hall B	Hall C	Hall D	Hall E	Hall F	Hall G	Hall H					
08:00-09:00 	<b>Educational Symposium - ESPR: How should we evaluate the infant in the delivery room?</b>	<b>Educational Symposium - ESPR: Role of neonatal microbiome in short and long term health outcomes</b>	<b>Educational Symposium - EAP: Primary care</b>	<b>Educational Symposium - EAP &amp; Catalan Paediatric Society: Paediatric dermatology</b>	<b>Educational Symposium - EAP: Mental health</b>	<b>Educational Symposium - ESPNIC - Supportive therapies in mechanically ventilated neonates and children</b>	<b>Educational Symposium - Nursing: Developing and implementing innovations in healthcare</b>	<b>Educational Symposium - ESPNIC: Let's focus on function</b>					
	New technologies for infant assessment at birth Michael Wagner, Austria (30 min)	Breastfeeding impact on the infant gut microbiome Maria Carmen Collado, Spain (30 min)	08:00-09:00 Primary care paediatrics and public health: the needs of today's children Peter Altoral, Hungary (30 min)	Pediatric infectious rashes: Benign to creepy Carolina Prat, Spain (30 min)	Autism Peter Weber, Switzerland (30 min)	Exogenous surfactant: bridging the gap between neonates and children Daniele de Luca, France (30 min)	How to implement new innovations in healthcare Onno Helder, Netherlands (30 min)	New onset heart failure – early recognition and management Uri Pollak, Israel (30 min)					
	Cord management of the preterm infant Emma Brouwer, Netherlands (30 min)	Early life development of the gut microbiome and its health implications Christopher Stewart, UK (30 min)		Chameleons in paediatric dermatology Eulalia Baselga, Spain (30 min)	Risks and benefits of ADHD medication? Ole Jakob Storebo, Denmark (30 min)	Less invasive surfactant therapy - protocols and practice Charles-Christoph Roehr, UK (30 min)	How to involve family and patients in innovations and research Jos Latour, UK (30 min)	Diastolic dysfunction in intensive care – identification and early interventions Capucine Didier, France (30 min)					
09:00-10:40 	<b>ESPNIC Session: Analgo-sedation in children</b> Chair: Saskia de Wildt, Netherlands	<b>ESPR Session: Aging of the preterm</b> Chair: Manon Benders, Netherlands	<b>Invited Societies Session: Palliative care - EAPC</b> Chair: Finella Craig, UK	<b>ESPNIC Session: Pushing the boundaries in paediatric critical care and beyond</b> Chair: Aparna Hoskote, UK	<b>ESPR Session: Non-invasive Hemodynamic Monitoring</b> Chair: Willem de Boode, Netherlands	<b>Nursing Session: Engaging clinical nursing science</b> Chair: Jos Latour, UK	<b>ESPR Session: Latest Updates on SARS-COVID 19</b> Chair: Eleanor Molloy, Ireland	<b>Invited Societies Session: Tricks and pitfalls of pediatric respiratory disease management – ERS</b> Chair: Pierre Goussard, South Africa					
	Analgo-sedation in the ICU Saskia de Wildt, Netherlands (20 min)	Aging and the brain Terrie Inder, USA (20 min)	Perinatal palliative care: what to aim for and what to expect Joana Mendes, Portugal (20 min)	Improving outcomes for children with congenital heart disease Katherine Brown, UK (20 min)	Near infraRed spectroscopy as part of multichannel system Adelina Pellicer, Spain (20 min)	The clinical-academic nursing role: what it is and how to make it work Joseph Manning, UK (20 min)	The Recovery Trial Saul Faust, UK (20 min)	Asthma Pierre Goussard, South Africa (20 min)					
	Analgo-sedation for paediatric diagnostic procedures Karl Reiter, Germany (20 min)	Long term outcomes of extremely preterm infants Chiara Nosarti, UK (20 min)	PREPARE - Advance care planning in children Monika Führer, Germany (20 min)	Goal directed strategies for improving survival in post-resuscitation care? Jimena del Castillo, Spain (20 min)	Cardiac output assessment using bioimpedance technology Willem de Boode, Belgium (20 min)	Evidence-based nursing rounds: a novel approach to engage bedside nurses in research Lyvonne Tume, UK (20 min)	Paediatric inflammatory multisystem syndrome Athimalaipet Ramanan, UK (20 min)	Chronic cough Fabio Midulla, Italy (20 min)

16:50-17:10	Break												
17:10-18:10 	<b>Plenary Talk V: Chair: Orsola Gawronski, Italy</b> <b>Our care matters - many years following the loss</b> <b>Ulrika Kreicbergs, Sweden</b>												
18:10-18:30	Break												
18:30-19:30 	<b>EAP Young Investigator Session</b> Chair: Adamos Hadjipanayis, Cyprus	<b>ESPNIC Young Investigator Session</b> Chair: Simon Nadel, UK	<b>ESPR Young Investigator Session</b> Chair: Charles-Christoph Roehr, UK										
19:30-19:40	Break												
19:40-20:40  	<b>The Bengt Robertson Award</b>  Bengt Robertson Lecture: Optimizing respiratory care and lung growth in preterm infants  Virgilio P. Carnielli, Italy (45 min)  Bengt Robertson Award Lecture  (15 min)												
	<b>Interdisciplinary Session: Opportunities for research in Europe</b>	<b>Interdisciplinary Session: Burden on children</b>	<b>Interdisciplinary Session: Hypoxic ischaemic encephalopathy</b>	<b>Interdisciplinary Session: Centralisation in paediatric health</b>	<b>Interdisciplinary Session: EAPS Young session: from career development to interconnected care , new inputs for the paediatric researcher of the future – ESPNIC/ESPR/EAP</b>	<b>Interdisciplinary Session: Parent perspectives in critical care</b>	<b>Interdisciplinary Session: Mental health</b>	<b>Interdisciplinary Session: Telemedicine in paediatric health: connecting the globe</b>					
20:40-21:40 	Challenges and chances for European Paediatric Research Networking Pirkko Lepola, Finland (30 min)	Neglect of siblings of sick children Inger Kristensson, Sweden (30 min)	Cannabinoid therapy Jose Martinez-Orgado, Spain (30 min)	Centralisation of care is the way to go forward Karoly Illy, Netherlands (30 min)	20:40-21:10 Future trends should early career nurses be learning about in order to care for the next generation of children Joseph Manning, UK (30 min)	Value based healthcare - What matters for the patient? Andreas Flemmer, Germany (30 min)	Maternal drug exposure and child neurodevelopment Vix Monnelly, UK (30 min)	Digital learning to improve quality of paediatric care Berthold Koletzko, Germany (30 min)					
	What is special about paediatric drug trials? Nick Croft, UK (30 min)	Effects of armed conflict on child health Ayesha Kadir, Sweden (30 min)	Celtherapy and perinatal brain injury Cora Nijboer, Netherlands (30 min)	Parents perspective on centralisation Jos Latour, UK (30 min)		Involving parents in critical care decision making Silke Mader, Germany (30 min)	Prenatal psychosocial stress and child outcome Claudia Buss, Germany (30 min)	Arising new technologies for paediatric health application Zachi Grossmann, Israel (30 min)					

# Monday, October 19, 2020

	Hall A	Hall B	Hall C	Hall D	Hall E	Hall F	Hall G	Hall H
08:00-09:00 	<b>Educational Symposium - EAP: Practical haematology</b>	<b>Educational Symposium - ESPNIC: Lower respiratory infections</b>	<b>Educational Symposium - ESPR: Neonatal epilepsy</b>	<b>Educational Symposium - ESPNIC: Everything you want to know about vaso-active drugs</b>	<b>Educational Symposium - EAP: Emergencies in paediatrics</b>	<b>Educational Symposium - EAP: Nutritional advice to families</b>	<b>Educational Symposium - ESPR: Challenges to implementation of placental transfusions</b>	<b>Educational Symposium - ESPNIC - Brain Resuscitation and Protection at the extremes in Europe</b>
	Anaemia- a practical approach Stefan Eber, Germany (30 min)	The role of shotgun metagenomic sequencing in identifying the causative agent in LRTI John Rossen, Netherlands (30 min)	New orientations in treatment Roberta Cillo, Belgium (30 min)	Choosing vasoactive drugs in 2020 – a physiology based approach for infants and children Yogen Singh, UK (30 min)	Foreign bodies: When and how do we care Luigi Titomanlio, France (30 min)	What is the best advice for vegetarian and vegan families? Iva Hosjak, Croatia (30 min)	Cord milking in preterm infants – benefits vs risks Heike Rabe, UK (30min)	Down by the Sea Antonio Rodriguez Nunez, Spain (30 min)
	Neutropenia - when to worry Karl Welte, Germany (30 min)	Ventilator-bundles at the bedside: hurdles and practicalities Etienne Javouhey, France (30 min)	Genetics of neonatal epileptiform encephalopathies Ingo Borggräfe, Germany (30 min)	Do vasoactive drugs save my patients? Javier Urbano, Spain (30 min)	Head trauma Ingo Borggräfe, Germany (30 min)	Which children should get nutritional supplements? Magnus Dommeliöf, Sweden (30 min)	Placental transfusion in global health care Susan Niermeyer, USA (30 min)	Up in the mountains Burkhard Simma, Austria (30 min)
09:00-10:40 	<b>ESPNIC Session: Novel approaches in critical care nephrology</b> Chair: Akash Deep, UK	<b>ESPR Session: The spectrum of congenital CMV</b> Chair: Sven Wellmann, Switzerland	<b>EAP Session: Cystic Fibrosis</b> Chair: Michael Wilschanski, Israel	<b>EAP Session: Toxic risks for child health</b> Chair: Peter Altorjai, Hungary	<b>Nursing Session: Nursing leadership and how can we give better care</b> Chair: Anne-Sylvie Ramelet, Switzerland	<b>Nursing Session: Nursing - Evidence on strategies in mobilization and rehabilitation in PICU and NICU</b> Chair: Orsola Gawronski, Italy	<b>Invited Societies Session: Care of trauma patients - ESPA</b> Chairs: Peter Frykholm, Sweden and Jurgen de Graaff, Netherlands	<b>Late Breaking Abstracts</b> Chair: Diego van Esso, Spain
	Special considerations for Kidney Replacement Therapy in Covid-19 Akash Deep, UK (20 min)	Sequelae of congenital CMV according to timing of maternal primary infection Marianne Leruez-Ville, France (20 min)	Cystic fibrosis: an old disease with new therapeutic options Isabelle Fajac, France (20 min)	Potential Health effects of non ionizing radiation on fetus and child: A public health challenge calling for Precaution & Rational exploitation of the technology Stella Michaelidou-Cann, Cyprus (20 min)	The challenges of nursing leadership in the COVID-19 era Sue Chapman, UK (20 min)	Early mobilization in PICU: what is the evidence on strategies and outcomes Erwin Ista, Netherlands (20 min)	Paediatric life support after major trauma Peter Frykholm, Sweden (20 min)	8 orals of 10 minutes each
	What have we learnt from the paediatric acute kidney injury studies so far and implications for future research? Ahmad Kaddourah, Qatar (20 min)	Biomarkers of brain involvement in congenital CMV Ana Alarcon, Spain (20 min)	Gastrointestinal aspects of cystic fibrosis Michael Wilschanski, Israel (20 min)	European restrictions that apply to chemicals used in articles for children Tasoula Kyprianidou, Cyprus (20 min)	Leading the implementation of systems to prevent the child's clinical deterioration: new challenges and trends Fenella Gill, Australia (20 min)	Nursing interventions and caring evidence based instead of traditions and rituals Orsola Gawronski, Italy (20 min)	Massive blood transfusion and haemostasis Fanny Bonhomme, Switzerland (20 min)	
	Selected orals (10 min per oral)	Selected orals (10 min per oral)	Selected orals (10 min per oral)	Selected orals (10 min per oral)	Selected orals (10 min per oral)	Selected orals (10 min per oral)	Selected orals (10 min per oral)	
								
10:40-11:10	Break							
11:10-12:10  	<b>Tomorrow's World 01: What if COVID-19 hits us again</b>	<b>Tomorrow's World 02: Open science in paediatrics</b>	<b>Tomorrow's World 03: Children in a Digital World</b>	<b>Tomorrow's World 04: Debate: Primary Care for Children – who should do it?</b>	<b>Tomorrow's World 05: Future Paediatric Care</b> Chair: Tom Stiris, Norway 	<b>Tomorrow's World 06: Involving children in research</b> Chair: Charles-Christoph Roehr, UK 	<b>Tomorrow's World 07: Lessons learned from the pandemic</b>	
	Triage of children when there are no more beds for children Silvia Bressan, Italy (30 min)	11:10-11:40 Sharing data from clinical research – opportunities and challenges Elvira Verduci, Italy (30 min) 	Electronic media and the very young child Peter Altoraj, Hungary (30 min)	11:10-11:40 Paediatricians should focus on secondary and tertiary care Ketli Sterdal, Norway (30 min) 	How will paediatricians work in 2050? Karoly Illy, Netherlands (5 min)  Patient involvement in neonatal care – worldwide Silke Mader, Germany (5 min)  Patient involvement in paediatric care Luc Zimmermann, Germany (5 min)  Team approach – which role for whom? Jos Labour, UK (5 min)	Children centered clinical study design Alberto Tozzi, Italy (20 min)	11:10-11:40 Securing European supply of essential drugs Yannis Natsis, Belgium (30 min) 	
	Decision making on school closures Robert Ross Russell, UK (30 min) 		Artificial intelligence-how will it influence paediatric practice in the future Devin Singh, Canada (30 min) 		Life long learning – how will the future look like? Robert Ross Russell, UK (5 min)  Virtual medicine – where are we heading Zacchi Grossman, Israel (5 min)  Panel discussion with the audience	Patient reported outcome measures Julia Downing, UK (20 min)		
12:10-12:30	Break							
12:30-13:00 	<b>Closing Ceremony</b> <b>Zoom Panelists:</b> Charles Christoph Roehr, UK; Tom Stiris, Norway; Simon Nadel, UK; Berthold Koletzko, Germany; Adamos Hadjipanayis, Cyprus; Pierre Tissieres, France  <b>Announcement of the Young Investigator Award Winners</b> EAP YI Award presentation - Tom Stiris, Norway ESPR YI Award presentation - Charles-Christoph Roehr, UK ESPNIC YI Award presentation - Simon Nadel, UK ESPNIC Nursing Award presentation - Orsola Gawronski, Italy  <b>My personal highlights from the Virtual Congress – from the 2020 Committee</b>  <b>Moment from the Virtual Meeting-</b> Short Video  <b>Introduction of EAPS 2022</b> Adamos Hadjipanayis (EAP), Chair of the Organizing Committee Martin Kneyber (ESPNIC), Chair of the Scientific Committee
